MEMORANDUM FOR SEE DISTRIBUTION

22 Apr 2003

FROM: SAF/IAPX  
1080 Air Force Pentagon  
Washington DC 20330-1080

SUBJECT: Aviation and Transportation Security Act (ATSA) Final Implementation Instructions (SAF/IAPX03020) (IAPX02007 Memo, 20 Feb 2002)

SAF/IAPX memo, 20 Feb 2002, forwarded Department of Justice (DoJ) interim implementing guidance for the ATSA.

DoJ's final implementing instructions included clarification that any training conducted at the behest of the Coast Guard or Department of Defense for a military purpose is not subject to Section 113 rule, regardless of whether the training itself is administered by a contractor or subcontractor.

The above ruling was published in the Federal Register 13 Feb 2003. We must reemphasize, however, it is necessary that foreign students to be trained by the DoD, or by contractors under DoD/FMS sponsorship, require security screening IAW DoD 5105.38-M, Chapter 10, procedures. To insure compliance with established procedures, all DoD/FMS provided/ sponsored training must be identified under a training line and managed by AFSAT/OAC 88. Training embedded in non-training lines, e.g. equipment or non-training service lines, presents a potential security risk to the US as individuals may not be properly screened. It also results in incomplete and inaccurate reporting of foreign military training required by Security Assistance legislation.

SAF/IAPX POC is Mrs. Sparkman, DSN 425-8905.
